

## EVENING SOCIAL ACTIVITIES!

**Welcome to Chicago!** For evening social activities, after the day's programming is over, we welcome you to self-organize. First, please refer to the list of local restaurants, Chicago's Top 10 attractions, and maps to other local attractions. If you have a Community account, please connect with others to plan social activities. Go to the Space button on the navigation button and select Meetings & Events/ 2018 REDCapCon/Attendee Participation Options/Social Activities Planning Space. You can also use the whiteboard outside of the ballrooms. Write a note on the board that reads, for example, "Navy Pier, Monday, meet at 7pm by Lobby Bar". You can also tweet [#redcapcon](#) with your plans. Below are some very informal social outings which were being planned (at the time of this printing). Please check the white board, community, and twitter for the most recent updates, as plans may be changed or cancelled in the event of rain. Thank you!
