Plenary Session (3 hours total: 50 minutes of content + 10 minute break per hour)

• 3:00-3:25 PM UTC **Introductory Remarks and Why This Matters**

Host Team:

- Paul Harris (Professor, Vanderbilt University Medical Center)
- Stephany Duda (Associate Professor, Vanderbilt University School of Medicine)

• 3:25-3:50 PM UTC **Inspiring Use Case**

A Real-time Registry to Track Breast Cancer Patients Across Boston

Presenters:

- Amy LeClair (Assistant Professor, Tufts Medical Center)
- Clara Chen (Assistant Director, Operations, Boston University School of Public Health)

• 4:00-4:25 PM UTC **Panel: Informative Session - Training and Support**

Innovative Scalable Training and Support Models

Presenters:

- Scott Carey (Research Informatics Manager, Johns Hopkins University)
- Leila Deering (Senior Application Analyst, Marshfield Clinic Research Institute)

• 4:25-4:50 PM UTC **Panel: 'Hot Topic' Session - eConsent**

What you should know about using the REDCap eConsent Module

Presenters:

- Colleen Lawrence (Manager, Translational Research, Vanderbilt University Medical Center)
- Sue Lowry (Database Analyst/Programmer, University of Minnesota)

- **5:00-5:25 PM UTC Creative Uses of REDCap (Session 1)**

Tips and tricks using standard REDCap functionality in creative ways

Presenters:

- TBD

- **5:25-5:50 PM UTC VUMC Presents - What's New and What's Next?**

REDCap Platform

Presenter:

- Rob Taylor (REDCap Team Manager and Lead Developer, Vanderbilt University Medical Center)

- **5:50-6:00 PM UTC Wrap-up Remarks + Break for Concurrent Sessions**

Concurrent Sessions (1 hour total: brief intro + break for presentation + discussion) - Choose 1

- **6:00-7:00 PM UTC Admin:** How to Get Your Training off the Ground and How to Sustain

Presenters:

- Leila Deering (Senior Application Analyst, Marshfield Clinic Research Institute)
- Scott Carey (Research Informatics Manager, Johns Hopkins University)

- **6:00-7:00 PM UTC Admin:** Electronic Consent: Implementation and Lessons Learned

Presenter:

- Lindsay Berrigan (REDCap Administrator, Children's Hospital of Philadelphia)

- **6:00-7:00 PM UTC Tech:** Setting up LDAP/SAML in your REDCap Instance

Presenter:

- Chris Kadolph (Software Development Team Lead - Technical, Marshfield Clinic Research Institute)
- Michael Karich (Associate Director, Office of Research, University of Texas at Dallas)

- **6:00-7:00 PM UTC Tech and Admin:** Data Visualization and R tidyREDCap Package

Presenters:

- Victor Espinosa (Database Manager, Vancouver Island Health Authority)
- Raymond Balise (Assistant Professor, University of Miami)
- Gabriel Odom (Assistant Professor, Florida International University)

Day 2

• General Conference Information

September 23 6:00 AM-10:00 AM CDT / September 23 11:00 AM-3:00 PM UTC [Click for World Clock](#)

Virtual Location: [Zoom Webinar](#) (plenary/general sessions) and [Zoom Meeting](#) (concurrent sessions)
Informational [Website](#)
On Twitter follow [@projectredcap](#) and use [#redcapcon](#)

Plenary Session (3 hours total: 50 minutes of content + 10 minute break per hour)

• 11:00-11:25 AM UTC **Introductory Remarks and Why This Matters**

Host Team:

- Paul Harris (Professor, Vanderbilt University Medical Center)
- Stephany Duda (Associate Professor, Vanderbilt University School of Medicine)

REDCap from Perspective of Institutional Leaders

Presenter:

- Paul Harris (Professor, Vanderbilt University Medical Center)

• 11:25-11:50 AM UTC **Inspiring Use Case**

Setting up a Fracture Registry in Switzerland

Presenter:

- Murat Bilici (University Hospital Basel, Clinics for Orthopedic and Trauma Surgery)

• 12:00-12:25 PM UTC **Panel: Informative Session/Inspiring Use Case**

The Magic of REDCap: Changing the lives of those that embrace it

Presenters:

- Irma Maré (Biomedical Informatics Manager, University of the Witwatersrand)
- Jenny Pheiffer-Coatze (Founder and Chair, African Potential Foundation)

• 12:25-12:50 PM UTC **Panel: 'Hot Topic' Session - EHR Integration via CDIS + FHIR Use Cases**

What you should know about using the REDCap FHIR Service Modules

Presenters:

- TBD
- TBD
- Alex Cheng (Research Assistant Professor, Vanderbilt University Medical Center)
- Francesco Delacqua (Application Developer, Vanderbilt University Medical Center)
- Lynn Simpson (Research and Data Analytics Services Manager, Partners Healthcare)

• 1:00-1:25 PM UTC **Creative Uses of REDCap (Session 2)**

Tips and tricks using standard REDCap functionality in creative ways

Presenters:

- TBD

• **1:25-1:50 PM UTC** **VUMC Presents - What's New and What's Next?**

Presenters:

Mobile App

- Giovanni Delacqua (Senior Application Developer, Vanderbilt University Medical Center)

MyCap

- Jonathan Swafford (Senior Application Developer, Vanderbilt University Medical Center)

• **1:50-2:00 PM UTC** **Wrap-up Remarks + Break for Concurrent Sessions**

Concurrent Sessions (1 hour total: brief intro + break for presentation + discussion) - Choose 1

• **2:00-3:00 PM UTC** **Admin:** REDCap Detectives - Identifying User Needs

Presenters:

- Theresa Baker (REDCap Training and Development Specialist, Cincinnati Children's Hospital Medical Center)
- Audrey Perdew (REDCap Application Specialist, Clinical Research Coordinator, Cincinnati Children's Hospital Medical Center)
- Maxx Somers (REDCap Program Manager, Cincinnati Children's Hospital Medical Center)
- Warren Welch (REDCap Application Specialist, Cincinnati Children's Hospital Medical Center)

• **2:00-3:00 PM UTC** **Tech:** SPSS (tentative)

• **2:00-3:00 PM UTC** **Tech and Admin:** Advanced Use of HTML and CSS Styling Templates for Boosting Navigability of Data Entry Forms

Presenters:

- Paola Collazos (MsC. Systems Engineer, Cali Population-based Cancer Registry)
- Nelson Andrés Portilla Herrera (Cali Population-based Cancer Registry)
- José Oswaldo Coral Candelo (Cali Population-based Cancer Registry)

• **2:00-3:00 PM UTC** **Tech and Admin:** GDPR Discussion

Presenter:

- Günther Rezniczek (Medical Faculty, Ruhr-Universität Bochum/Marien Hospital Herne)

• General Conference Information

September 24 5:00 PM-9:00 PM CDT / September 24 10:00 PM-2:00 AM September 25 UTC

[Click for World Clock](#)

Virtual Location: [Zoom Webinar](#) (plenary/general sessions) and [Zoom Meeting](#) (concurrent sessions)

Informational [Website](#)

On Twitter follow [@projectredcap](#) and use [#redcapcon](#)

Plenary Session (3 hours total: 50 minutes of content + 10 minute break per hour)

• 10:00-10:25 PM UTC **Introductory Remarks and Inspiring Use Case**

Host Team:

- Paul Harris (Professor, Vanderbilt University Medical Center)
- Stephany Duda (Associate Professor, Vanderbilt University School of Medicine)

Using REDCap for a COVID Call Centre in a Health Service (Necessity as Inspiration)

Presenter:

- Yelena Fridgant (District Research Data Manager, Sydney Local Health District)

• 10:25-10:50 PM UTC **Inspiring Use Case**

TBD

Presenter:

- Ayumi Shintani (Professor, Osaka City University)

• 11:00-11:25 PM UTC **Panel: Informative Session - Training and Support**

Innovative Scalable Training and Support Models

Presenters:

- Andy Martin (Biomedical Data Management Solutions Lead, Stanford University School of Medicine)
- Ashleigh Lewis (Database Administrator, University of Washington)

• 11:25-11:50 PM UTC **Panel: Informative Session - External Modules**

Success Stories and Tips for Creating and/or Consuming at Your Institution

Presenters:

- Luke Stevens (Data Management Coordinator, Murdoch Children's Research Institute)
- Philip Chase (Assistant Director, University of Florida - CTSI)
- Kyle Chesney (Application Developer Analyst II, University of Florida - CTSI)

• 12:00-12:25 AM UTC **Creative Uses of REDCap (Session 3)**

Tips and tricks using standard REDCap functionality in creative ways

Presenters:

- TBD

• **12:25-12:50 AM UTC** **VUMC Presents - What's New and What's Next?**

Presenters:

REDCap on FHIR

- Francesco Delacqua (Application Developer, Vanderbilt University Medical Center)

External Modules Framework

- Kyle Mcguffin (Manager Application Development, Vanderbilt University Medical Center)

• **12:50-1:00 AM UTC** **Wrap-up Remarks + Con Announcement + Break for Concurrent Sessions**

Concurrent Sessions (1 hour total: brief intro + break for presentation + discussion) - Choose 1

• **1:00-2:00 AM UTC** **Admin:** REDCap projects in Quality Improvement and Health Services Management

Presenters:

- Victor Espinosa (Database Manager, Vancouver Island Health Authority)
- Yelena Fridgant (District Research Data Manager, Sydney Local Health District)
- Laurie Bailey (Director, Research Data Science & Analytics, Cook Children's Health Care System)

• **1:00-2:00 AM UTC** ** Tech:** Running REDCap Locally with Docker Compose

Presenter:

- Andy Martin (Biomedical Data Management Solutions Lead, Stanford University School of Medicine)

• **1:00-2:00 AM UTC** ** Tech:** Beginning REDCap Development

Presenters:

- Philip Chase (Assistant Director, University of Florida - CTSI)
- Kyle Chesney (Application Developer Analyst II, University of Florida - CTSI)
- Luke Stevens (Data Management Coordinator, Murdoch Children's Research Institute)

• **1:00-2:00 AM UTC** ** Tech and Admin:** REDCap-ETL: A tool for exporting data from REDCap to a database

Presenters:

- Andy Arenson (Principal Programmer/Analyst, Indiana University)
- Jim Mullen (Principal Systems Analyst, Indiana University)

• **1:00-2:00 AM UTC** ** Tech and Admin:** Extending REDCap through Custom Development

Presenters:

- Leila Deering (Senior Application Analyst, Marshfield Clinic Research Institute)
- Chris Kadolph (Software Development Team Lead - Technical, Marshfield Clinic Research Institute)
